

Congratulations to Daryoush Sheikh-Bagheri and Dave Rogers who won the prestigious 2003 Farrington Daniels Award from the AAPM

Tuesday, December 30, 2003

Daryoush Sheikh-Bagheri and Dave Rogers won the prestigious 2003 Farrington Daniels Award from the AAPM for the best paper in radiation dosimetry published in 2002: "Sensitivity of megavoltage photon beam Monte Carlo simulations to electron beam parameters", Med. Phys. 29, 391-402 (2002).

Congratulations to David W.O. Rogers on being named CRC Tier 1 Chair in Medical Physics

Wednesday, October 1, 2003

It is my great pleasure to inform you that OMPI member David Rogers has been nominated by Carleton University for a Canada Research Chair in Medical Physics. He will be moving to Carleton University in the coming months, which will strengthen the Therapy stream in Medical Physics substantially. At the NRC, Dave has been a pillar of our Medical Physics program for many years, and the CRC is an important recognition of his scientific contributions and international reputation.

Please join me in congratulating Dave on this momentous achievement.

-- Rob deKemp, OMPI Director

Congratulations to Marco Carlone on being awarded a CCPE-Meloche Monnex Scholarship

Saturday, August 30, 2003

Marco Carlone, a Carleton University Physics student in medical physics, has been awarded a CCPE (Canadian Council of Professional Engineers) - Meloche Monnex Scholarship. Only two of these national scholarships are awarded annually. The scholarships are to assist engineers returning to university for further study or research in a field other than engineering.

For more details, please see the [CCPE website](#).
