Job Posting: Contract Instructor
PHYS 1004 Introductory Electromagnetism and Wave Motion

Course Description

PHYS 1004 [0.5 credit]

Introductory Electromagnetism and Wave Motion

This calculus-based course introduces electricity, magnetism, oscillations, waves and optics. The laboratory is an essential and autonomous part of the course. Precludes additional credit for PHYS 1002 and PHYS 1008. Prerequisite: MATH 1004, ECOR 1101 (may be taken concurrently) or PHYS 1001 or PHYS 1003 or PHYS 1007 (a grade of B- is required for PHYS 1007), or permission of the Department. Lectures three hours a week, laboratory or tutorial three hours per week.

Qualifications

Applicants should hold a M.Sc. or higher degree in physics and have previous experience in teaching university physics.

Procedure for Application

(From the Collective Agreement) 15.3 All applicants must apply to the Department Head in writing and in relation to each course for which they wish to be considered. All applications must include an up to date CV, including a complete listing of all courses taught within the CUPE 4600 Unit 2 bargaining unit at Carleton University. Applicants shall not be required to submit more than one (1) CV to each department. Applicants should complete a Contract Instructor Application Form

Deadline: January 28th, 2019

Salary: $7306
