

**Job Posting: Contract Instructor  
PHYS 1902 From our Star to the Cosmos**

**Course Description**

**PHYS 1902 [0.5 credit]**

**From our Star to the Cosmos**

Starting with the Sun, the course studies its composition and source of power, then compares our Sun with the other stars in the galaxy and beyond. Modern ideas concerning the structure, origin and evolution of the universe, pulsars and supernovae are examined. A 14-inch telescope is available for student use. Precludes additional credit for **PHYS 2203**.

Lectures two and one-half hours a week.

Note: Science students may only take this course as a free elective

**Qualifications**

Applicants should hold a Ph.D. in physics and have previous experience in teaching university physics at an advanced level.

**Procedure for Application and Deadline for Application:**

All applicants must apply to the Department Head in writing and in relation to each course for which they wish to be considered. All applications must include an up-to-date CV, including a complete listing of all courses taught within the CUPE 4600 Unit 2 bargaining unit at Carleton University. Applicants shall not be required to submit more than one (1) CV to each department. Applicants should complete a **Contract Instructor Application Form** and submit the form to:
